

Yijie's Ecommerce Market - Product Information Guide

Effective Date: September 13, 2025

This guide helps you understand the product information available on our website to make informed purchasing decisions.

1. Product Specifications

Each product page contains a "Details" or "Specifications" section. This area provides key technical and physical information about the item, which may include:

- **Dimensions:** Height, width, depth, and weight.
- **Materials:** A list of materials used in the product's construction.
- **Technical Data:** For electronics, this includes information like battery life, connectivity options (e.g., Bluetooth, Wi-Fi), and power requirements.
- **Care Instructions:** Recommended methods for cleaning and maintaining the product to ensure its longevity.

2. Product Availability

2.1. Stock Status: The availability of each product is clearly indicated on its page. * **In Stock:** The item is available for immediate purchase and shipment. * **Out of Stock:** The item is currently unavailable. You may be able to sign up to receive an email notification when the item is back in stock. * **Pre-order:** The item is not yet released but can be purchased in advance. The estimated shipping date will be clearly stated. **2.2. Inventory Accuracy:** Our inventory is updated in real-time. However, in rare cases, an item's availability may be misstated. If we cannot fulfill an item in your order, we will notify you immediately and issue a full refund for that item.

3. Product Recommendations

On many product pages, you will find sections such as "You May Also Like" or "Frequently Bought Together." These recommendations are generated based on the browsing and purchasing patterns of other customers to help you discover related or complementary products.

4. Size Guides

For apparel and footwear, a "Size Guide" link is available on the product page. **4.1. How to Use:** Our size guides provide detailed measurements (in inches and centimeters) to help you choose

the correct size. We recommend comparing these measurements to your own to find the best fit.

4.2. Brand Variations: Please note that sizing can vary between different brands. Always consult the specific size guide for the item you are interested in.

5. Product Compatibility

For products that are accessories or parts for other items (e.g., phone cases, electronic components), we provide compatibility information. **5.1. Where to Find It:** The "Compatibility" section on the product page will list the models, brands, or systems the item is designed to work with. **5.2. Responsibility:** It is the customer's responsibility to review this information and ensure the product is compatible with their existing equipment before making a purchase. If you are unsure, please contact our Customer Support team for clarification.
